

HEARTS OF VICTIMS ROASTED

Chinese Revolutionary
Soldiers Hold Orgy to
Avenge Massacre

MANY MANCHUS KILLED

In Bombardment of Nanking—
Predict That Peking Will
Capitulate.

Shanghai, Nov. 27.—Storming the gates under a fierce bombardment of their own artillery, the rebel force which has been besieging Nanking for a fortnight gained entrance to the city today, and it is reported that noon the rebels would be in full possession by nightfall.

Hong Kong, Nov. 27.—Traffic on the West River has practically come to a standstill and communication with Wu Chow is entirely cut off and several motor boats are missing. At Wu Chow the revolutionary soldiers are avenging the recent massacres and they have already beheaded 60 prisoners. After they had held an orgy cutting out the hearts of the victims, they roasted and ate them.

Some of the missionaries from the upper river points have sought refuge in Hong Kong.

Peking, Nov. 27.—Dispatches received at the legations here say that the imperial troops are at Han Yang and that the rebels are fleeing mostly to Wu Chang.

Peking, Nov. 27.—The assembly of Chi Li resolved yesterday to order the throne to abdicate. The anti-revolutionary assembly attempted to hold a meeting today with only 30 members. In Tibet the Chinese troops have mutinied with the rebels.

Amoy China, Nov. 27.—The transport Fooan, arrived here today with 600 fully equipped troops of the new army. Clan fighting and robber bands continue in the mountains. The troops are enroute to preserve order.

Shanghai, Nov. 27.—Fighting continues today at Han Chow where the rebels have captured the stations and part of the city. The royal forts are being bombarded from both land and sea.

Nanking, November 27.—The bombardment of Nanking by the revolutionary forces was begun Sunday morning and all day long the big guns from Mofashon fort, one mile away spent their fury on the last stronghold of the Manchus south of the Yang Tse.

All the hills overlooking the ancient capital of China swarm today with rebellious forces eager for its occupation, and it is believed the city will fall before tomorrow night.

From the Tiger Hill fort for several hours big guns spoke repeatedly while further up along the northeastern range, from the top of Purple Mountain, overlooking the Ming tombs, for a fifteen mile semi-circle westward to the Yang Tse, smaller forts scattered shells into every section of the city.

The imperialists claim a casualty list of only a few hundred, but the most authentic reports say that at least 2,000 Manchus perished.

The Nanking batteries also did dreadful work among the Chinese, who suffered great losses, but they finally routed the imperialists who were forced to flee into the city for shelter.

A deafening cannonade from the Nanking batteries was still going on at the hour when this dispatch was sent.

General Wong, second in command of the defenders is among those killed.

During the early part of the day the imperialists attempted a sortie against the attacking forces with a view to recapturing the positions and guns, but were driven back inside the walls with considerable losses. The Tiger Hill Battalion, batteries, meanwhile were pounding shells into Lion Hill.

The object of the first seizure of Tiger Hill was shown by the first appearance of four rebel cruisers and later in the day of other warships. In the evening a dozen torpedo boat destroyers and cruisers were lying menacingly near the city. Doubtless they will quickly reduce the lower sections and drive the defenders to the south.

The vice-roy of Nanking and Taratar General, in fear of General Chang the imperialist commander, have taken refuge in the Japanese Consulate in which only the consul remains. He is the sole official representative of foreign interests now in Nanking. The consulate is well guarded by marines.

Sunday's attack can only be considered a slight foreshadowing of bigger

things to follow, because the main body of the revolutionists is steadily investing every side and bringing the big guns into position on every eminence.

The plans of the attacking forces are not revealed. The revolutionaries may not attempt to rush the city, but may prefer to bombard it steadily and await its surrender. But if breaches are made in the walls of the city and the rebels enter, it is believed that General Chang and the loyal troops will make a desperate stand.

Victory for the rebels seems certain, and they say with Nanking in their possession it will be an easy matter to force the capitulation of Peking and the imperial abdication.

Lion Hill's reply to the bombardment was at first sharp, but later it became feeble. A number of rebel shells fell in the settlement near the river, but did little damage. During the evening there was some sharp fighting at the eastern and southern gates, the outposts of the revolutionaries endeavoring to approach.

The revolutionaries advanced in three columns, one along the railway, a second behind Purple Hill, and the third along the river.

The imperialists fired upon a Red Cross train coming in on the railway. About 4,000 of General Chang's rawest recruits are now outside the city with machine guns, but a number have surrendered. It is expected that the telegraph service will be re-established today.

PREMIER ISOLATED AND DESTROYED BY HIS CABINET.

Peking, Nov. 27.—Premier Yuan Shih Kai is practically without a cabinet, only the presidents of the minor boards having accepted office. The Finance Board is without a minister and the vice president left Peking after informing a friend that he did not intend to return. The military activity on the part of Yuan Shih Kai is considered a forlorn hope.

Thirty foreigners, most of them Americans arrived here last night from Tai Yuan Fu. They were given safe escort by both the rebels and the imperialists.

The diplomatic body, through the dean of the corps, Sir John Jordan, has represented to the premier the necessity of avoiding disorders in Peking. The Ministers believe that the legation guards will be able to prevent a massacre unless it is thoroughly organized and suddenly precipitated.

By order of the police dragon flags are flying throughout Peking, emblematic of the people's joy at the formation of a new constitution. The Regent with elaborate ceremony took the oath, swearing adherence before the Emperor's tablets in the ancestral temple. To the 19 constitutional articles. The oath was as follows:

"My policy and choice of officials have not been wise, hence the recent troubles. Fearing the fall of the sacred dynasty, I accept the advice of the National Assembly. I swear to uphold the 19 constitutional articles and organize a parliament excluding the nobles from administrative posts. I and my descendants will adhere to it forever. Your heavenly spirits will see and understand."

The lower classes believe this declaration means that peace will be proclaimed, but the educated classes are not impressed. They think Yuan Shih Kai is so embarrassed that he would return home, but that he fears his departure would be the signal for panic and a Manchu outbreak.

Rome, Nov. 27.—Obedient to the summons from Pope Pius X the cardinals in Rome assembled in the consistory today and confirmed the papal nominations of 19 new members in the college of cardinals, the supreme governing body of the Roman Catholic church. Of those honored three are citizens of the United States, Mgr. John N. Farley, archbishop of New York, Archbishop William O'Connell of Boston, and Mgr. Diomede Falconio, apostolic delegate at Washington, and with Cardinal Gibbons, America will now have for the first time a representation of four in the cardinalate which probably as now constituted will elect a successor to the present reigning pontiff.

As the Pope entered the hall of the

consistory his step seemed less sure

and his care-worn face still bore signs

of his recent illness that may have

come to stay. Nevertheless he with-

stood the fatigue of the long and try-

ing ordeal bravely. Surprisingly it

became known that in addition to the

18 new cardinals already announced

the Pope had still another cardinal

"in petto," that is in his breast,

the identity of the one so honored not

being announced.

After the crowd had withdrawn the

official opening of the consistory was

held. With a simple prayer it began

and then seated, the Pope delivered

the allocution in which he termed a

"year of mourning for the church"

alluding to the clamorous commemora-

tion of the Italian jubilee which he

believed to have offended the rights o

the Holy See.

The Pope lamented the imponit-

which was granted the enemies of re-

ligion, especially the iniqui-

ous body, "free masons," which he

had opposed the existence of God an

the Christian order. He dealt wit

the prosecution of the church in Port

ugal and hoped that the nation would

reach against her enemies.

The creation of the cardinals and

the confirmation of the bishops and

archbishops already appointed fol-

lowed. In all instances the names of the

chosen ones were read and the Pope

inquired of each of the cardinals if

they were satisfactory and assent wa

given by rapping their red skull caps.

Official visits followed the consisto-

ry between the diplomats, cardinals

and the aristocrats, the Knights o

Malta, and high churchmen and man-

Americans in Rome.

THREE NEW CARDINALS FROM AMERICA NAMED BY POPE PIUS X TODAY

SEA-TIE BURIED SUNDAY MORNING AT RICHMOND

WANT TO IMPEACH MAYOR SEIDEL

Richmond, Va., Nov. 27.—By the grave of the wife whom he murdered July 18, the body of Henry Clay Beattie Jr., was buried in Maury cemetery shortly after sunrise Sunday. There was a brief service at the residence, attended only by members of the family and eight friends, who served as pall bearers, and then the procession moved through the silent streets of South Richmond. Rev. John J. Fix, who prayed with Beattie just before he entered the death chamber at the penitentiary Friday morning read the service of the Presbyterian church.

To guard against possible annoyances, the exact hour of the funeral was kept secret and consequently there were no crowds around the Beattie home or cemetery. Police were on duty, but the hearses and seven carriages had reached the grave before the city was astir. When the burial was concluded, H. C. Beattie, Jr., left with Douglas, his son, and Hazel, his daughter, and two aunts of the murderer. The grief of the aged father was intense.

The pall bearers, boyhood friends of Beattie, were asked by him to serve. Several of them had testified in his defense at the trial and one was his best man when he and Louise Wellford Owen were married, exactly one year from the date he pleaded not guilty of his murder in court. A florist's wagon, completely filled with flowers, entered the cemetery gates just after daylight and today the mound of earth was hidden beneath chrysanthemums and immortelles.

After it became known that the funeral had been held, a tremendous crowd visited the cemetery. Double ropes were stretched around the Beattie section, and two mounted policemen, in addition to officers afoot, kept the crowds back. There was no disorder, however, and no attempt to take away flowers.

WILL TEST THE LIABILITY ACT

Martin Ivan, an Austrian living at 387 Washington Street was seriously injured in the B. & O. yards Sunday evening. The man was walking along the tracks and went to step out of the way of an approaching train. He stepped in front of another train which at the time seemed to be stationary but which was switching and as the car was coupled on to the train Ivan caught his foot in the tie and was thrown to the ground. Before he could regain his footing the engine bumped into him and rolled him a considerable distance.

The patrol wagon was called and the injured man was taken to the City Hospital. Dr. S. D. McLure and Dr. U. K. Essington were called and an examination showed the man to be seriously hurt. He has a cut to the bone measuring about four inches across the abdomen and his hips are badly bruised.

On Monday morning he seemed to be suffering great pain in the lungs and breathed with difficulty as if the lungs had been crushed. His condition is regarded as critical.

Ivan is about 34 years old and has made Newark his home for the past eight years.

AUTO INTO RIVER.

New York, Nov. 27.—An automobile plunged from a ferryboat into the river and bowled an unidentified passenger into the river. The man was drowned. His body did not appear. As the boat bumped up against the New York pier, the jar released the starting lever and the car crashed through the iron gate and into the river.

COURT WITHDRAWS JUROR IN CASE

New York, Nov. 27.—The trial of Lillian Graham and Ethel Conrad, the show girls, accused of shooting W. E. D. Stokes, was halted today by the withdrawal of a juror by the court. He is said to have discussed the case indiscretely.

Kenosha, Wis., Nov. 27.—Worn out and haggard after a night of evading the police Pasquale Marchesi charged with the double murder of his wife, Rosaria Marchesi, crept out of the basement of the Holy Rosary Italian Catholic church Sunady afternoon and went at once to the home of Rev. August Bandizone, pastor of the church and told the story of the crime and sought to have his soul saved.

On the advice of the priest, he surrendered to Sheriff Andrew Stahl, and he is now in the county jail here under a strong guard.

Just after he reached the jail he made a statement of the crime and seemed to glory in the details of the horrible killing. He asserted that he found his wife unfaithful and was perfectly justified in killing her and the man who had broken up his home. Later he took the officials to the home of his brother, Frank Marchesi, where he was allowed to see his children. He showed great tenderness toward them.

Later he took the officers to the place where he had hidden the hatchet with which he killed the man and woman and declared that he was ready to go into court and justify his action. He asserted that he was perfectly sane and that he believed the world would justify him for what he had done. He declared that he did not know how many times he had struck the man and woman but that he kept hacking away with the hatchet until

AFAIR OF BRIGHT'S DISEASE NO LONGER

Two years ago I was troubled with my kidneys and had terrible pains in my back. Often times my back would hurt me so that I would be compelled to give up my work and sit down for a time to rest and ease myself, knowing of the dreaded disease called "Bright's disease." I began to think that it was creeping into my system and I was fully decided to go to the doctor and lay my case before him. But as my mother was using Swamp-Root at the time, she induced me to try some. The relief it gave me was very encouraging. My back became strong and in fact the use of two and one-half bottles of Dr. Kilmer's Swamp-Root cleared my system of the kidney trouble entirely. I am a barber and on my feet all day long, but have no trouble whatever with my kidneys. I am twenty-eight years of age and have gained thirty pounds in weight since cured, and I feel it my duty to tell every sufferer of kidney trouble of my remarkable cure by Swamp-Root.

DENISONIANS OUTPLAYED BY THE METHODISTS

Delaware, Nov. 27.—Showing the most perfect form, individually and collectively, displayed by an Ohio Wesleyan eleven in many a season, the Methodist veterans, seven of them playing their last game, tore through the Denison team Saturday afternoon for three touchdowns and a final score of 17 to 6. For many of the seven whose football careers ended Saturday afternoon there is no brighter chapter anywhere, and there is glory enough to share with the players that remain to give Wesleyan as good a team next year as appeared on the Delaware gridiron this season.

The Granville team, which gave Case a scoreless game, outplayed Cincinnati and lost to Oberlin by a mere fluke, had no chance with the Wesleyan spirit in evidence in the game. Could the local players have shown such form against Case, the season's record would have been different.

In the third period of the game Captain Thomassen, one of the most notable ground-gainers on a Wesleyan squad, made his final sensational play, running directly through the Denison team to make a 30-yard punt return. It was a feat that brought the grandstand crowds to their feet with a roar of splendid applause. Previously Thomassen had gone around right end for 12 yards and he had been pushed across for the three touchdowns Wesleyan had made. In the third of these he went through a double line of Baptist players massed within the goal line.

The game was played on a field that quickly transformed the fighters into an unrecognizable appearance. Many loads of sawdust had been scattered over the ground in an effort to make the play certain, but many times the tacklers were pulled many yards before the downs were made. The muddy ball, slipping from Hutchinson's hands as he grabbed a forward pass in the final quarter, cost Ohio Wesleyan a fourth touchdown.

The touchdown in the first quarter came after five minutes' play. Hartsock's quick snapping of the ball as a Denison man sprang offside costing the Baptists a 5-yard penalty inside the 10-yard line. Rathbun kicked an easy goal. Denison immediately pulled off her most sensational play and Dietercore off end runs of 19 and 9, which followed shortly by Phelps' return of 35, gave evidence of danger.

In the second quarter Littick's chase of a punt and a splendid forward

pass to Hutchisson brought second touchdown in 11 minutes and 55 seconds. Jones failed to kick goal. Sevance made a star tackle of Dunlap near the quarter closed.

Rupp began the third period by circling left end for 25, but Wesleyan

quickly held Denison in the center of the field with but one yard to go.

After a series of rapid plays Thomassen bucked through two lines with 8:34 minutes of the quarter gone, and Rathbun kicked goal. Thomassen's great return of 30 yards was the final feature. In the fourth quarter Wesleyan got the ball close but did not force it over.

Wesleyan's line held like adamant and Denison was only able to get

three first downs, these on end runs. Of 12 forward passed, only three were complete.

The returns of punts were very slight, that of Thomassen being the only one worth counting. A very large percentage made nothing at all.

Assistant Coach Baker, who has had

on a grouch ever since the Otterbein

score, received his reward just after the Wesleyan players had trooped from the field. They tossed Baker, clothes and all, into the gyn pool, but he emerged with the expression that the game was worth it.

A big celebration was held on the Monnett campus Saturday evening, the coach and all the players speaking. Denison brought a crowd of 200 rooters and a band, which played mourn-

AMUSEMENTS

What the Press Agent Says

AT AUDITORIUM TONIGHT.

"The Last Dollar," David Higgins' great American racing drama will be given a grand reproduction at the Auditorium tonight by the Keith Stock company. The theme of the play deals with that of a rich Southern gentleman, who comes to New York to sweep up all the yellow dust on Wall street, but his boom breaks and his fortune is lost, and as a last chance to regain his fortune stakes his last dollar on a futurity, at a hundred to one shot and wins, and marries the owner of Mongrel, the winner, and returns to his original home, where a man is a man down in Kentucky.

Tomorrow night the company will be seen in Ezra Kendall's success, "The Vinegar Buyer."

COMING SOON.

Miss Helen Lowell comes to the Auditorium theatre for one night soon in May Robson's famous comedy, "The Rejuvenation of Aunt Mary." It is in three acts, the second of which is the important one and is quite long, shows the rejuvenation and the incidents are very funny. Miss Helen Lowell, on whose shoulders all the burden of the evening's entertainment falls, carries it lightly and gracefully, yet furnishing the interest and the laughter by being grave and gay by turns, and yet树着 noisy violence which the character might suggest, and her most effective work is when she is in response and serious. At these moments her acting is dignified and convincing.

FANTASMA.

Hawthorn's wonderful "Fantasma," which has not been seen here for six years, is due soon at the Auditorium theatre for a limited engagement. This famous spectacle and pantomime is in its newest and brightest dress and is said to be fairly bubbling over with fun, illusion and music. "Fantasma" has always been one of the most popular entertainments on the stage and in its new garb it is bound to receive a most cordial reception. New specialties and new music have been introduced and there are a load of new Hawthorn illusions and tricks which are said to be more wonderful than ever. A superior cast has been engaged for this revival and every effort has been made to make "Fantasma" this year the biggest and best of its kind.

THE ORPHEUM.

If you want to enjoy a good vaudeville show, visit the popular Avenue theatre the first three days of this week. "Adonis and His Dog" is a special treat for the ladies and children. The little dog which is now traveling with Adonis, hails from Paris, and was at one time a homeless creature and followed the Great Henri French to his doorstep, was taken in by him, sheltered and finally taught to be one of the best little canine performers on the vaudeville stage. His stunts are said to be perfectly marvelous, and his master, Adonis, being a skilled equilibrist and gymnast, they present a very entertaining and novel act.

Dick and Alice McAvoy are a well known and favored team, both being old timers, but they always have a new line of work to offer. Their comedy singing and dancing is said to be a hit, fit to feature on any bill. Van Lear and Rose are two funny fellows offering a line of sublime and ridiculous burlesque magic, which is new and different from all others. Florence Hayfield is a charming little comedienne and will be seen in dainty and catchy songs and dances. She is a much favored miss and is bound to make a hit. The Orpheumscope has a new picture.

VICTIMS WILL LIVE.

Circleville, Nov. 27.—Miss Mildred Taylor of Ashville and Cover Lake of Circleville, injured in an automobile accident last night at Ashville, when two of their companions were killed, are expected to recover.

Nearly twenty-three thousand nine hundred children have now been sent to Canada from England through the agency of the Bernards homes.

NEWARK MCH. WKS.**

The first winter meeting of the members of the Board of Trade, will take place tomorrow evening at 6 o'clock at the Newark Machine company's plant in West Newark.

All members are urged to be present and each member is asked to bring a guest who is not a member of the organization. Dinner at 6 o'clock sharp. Tickets, 50 cents each.

The new Blair truck will make two or more trips from the Trust building with passengers and other autos will be there at 5:45 to take members to the factory. Those using the street cars should leave the cars at the Jewett car works crossing.

Several matters of importance will come before the meeting and an interesting session is promised. Please telephone the Board of Trade Tuesday morning saying to count you in.

Remember the date of the meeting, tomorrow, Tuesday, at 6 p. m. at the Newark Machine Works.

KEITH STOCK CO.
The coming of the famous Keith Stock Co., has aroused more than usual interest among the lovers of high class productions at popular prices, and all this week will be a gala one, as the posters of the Keith Stock Co. announce many new plays and added features.

Manager Keith has this the third year, surpassed all previous efforts and has done what others dare not attempt, and they will dismally and despisedly with doleful difference, don their caps to the king of the repertoire field, the Great Keith Stock Co., which plays its annual engagement at the Auditorium, for one week, starting tonight.

Keith vaudeville, six in number, are new and up to the minute specialties, are promised between acts, thereby forming a continuous performance free from long and tiresome waits. The opening play to be presented this evening is, "His Last Dollar."

**CASCARETS WORK
WHILE YOU SLEEP**Salts, Calomel and Cathartic Pills are
Violent—They Act on Bowels
As Pepper Acts in nostrils

Take a Cascaret tonight and thoroughly cleanse your liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means a clear head and cheerfulness for months. Don't forget the children.

WALL STREET NERVES.

"Wall Street has a scare a day," writes Charles E. Van Loan in the Munsey for December, "because Wall Street is nervous. The brokers, the small speculators who are engaged in the laudable undertaking of expanding a tooth-pick into a telegraph pole; the clerks, the sidewalk Solons, soffers, and curbstone detectives, from which most of these rumors spring and by whom they are circulated, are endeavoring to watch too many big deals at once and the same time. No man can have an egg in every basket that is going around and remain calm and unruffled; is it against human nature."

Honesty and poverty are brothers-in-law.

OBITUARYMRS. JOSEPH GANDIE.
Mrs. Mary Gandie, wife of John Gandie, died at her home in Hebron Saturday evening at 7 o'clock. She was aged 32 years and death resulted from a short illness of tuberculosis. She is survived by the husband and three children, Hattie, Leo, Walter, and Verne 3.

The funeral services will be held at the M. E. church Wednesday morning, at 10 o'clock, Rev. J. R. Tibbles officiating. The burial will be made in the Kirkersville cemetery.

FUNERAL OF MRS. ENGLISH.

The funeral services over the remains of the late Mrs. Addison English, who died at the home of her daughter in Pataskala, Saturday morning at 10 o'clock, were held in Pataskala Monday. There was a large attendance of relatives and friends of the deceased. The body was brought to Newark and interred in Cedar Hill cemetery at 2 o'clock.

FUNERAL OF MISS ELLA MOORE.

The funeral of Miss Ella Moore, daughter of the late Joseph and Eliza Moore, who died at the home of Mrs. David Gregory, 187 Eleventh street, Friday night at 7 o'clock, was held at the home Monday afternoon at 1 o'clock, the services being conducted by the Rev. T. A. Cosgrove, and the interment was made in Cedar Hill cemetery.

PENSIONS FOR EMPLOYEES.

The Western Union Telegraph Company's committee on pensions has been engaged in the collection of data necessary to enable the actuaries to give figures on benefits and expenses. This work has been somewhat delayed by the absence in Europe of Vice President Clark, the chairman of the committee.

The work will necessarily be slow, as it is desired that any pension scheme which may be established will, in case of disability, give material aid and benefit to those who have been in the employ of the

company for only a few years, as well as those of long service.

Whatever scheme is put into operation will take into consideration past service and will therefore involve a large expense from the very start.

While the scheme is being worked out all cases of necessity are being provided for.

SOCIETY**WILL DECIDE VENUE CHANGE IN OWENS CASE**

Mr. J. T. (Tod) Abbott, one of Newark's best known citizens, on Sunday celebrated the sixtieth anniversary of his birth at his pleasant country home in the Sharon Valley. Mr. Abbott is a son of Ira and Frances Abbott, deceased, who were among the pioneer residents of Newark. He was born on German street, this city, on November 26, 1851, at which time there was good sleighing in the city, the snow being 15 inches in depth. In all there were ten children, five boys and five girls, and Tod is the only surviving son. His father died in 1863, and as the oldest son, George, had gone to the war, Tod was the oldest boy at home, and of course he considered that a great responsibility rested on his shoulders. Although only twelve years old he went to work in a harvest field, and has been working ever since. In 1872 he apprenticed himself to the late Jesse Hoover, a prominent plasterer of that day. After learning the business thoroughly he began contracting and has been doing business for himself for the past 35 years. During that time he has plastered many prominent buildings in Newark. He says that the only time he was ever in jail was when he plastered the new Licking county jail.

Mr. Abbott was married to Miss Fannie Parker, a daughter of John Parker, in 1876. From this union one daughter, Mrs. Fannie Keenan, wife of Mr. Charles Keenan, who is a well known farmer living on the Abbott farm in the Sharon Valley, was born. Mr. Abbott has been a member of the Methodist church all his life.

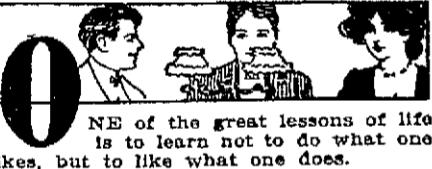

The Sorosis club will give its first dance of a series to be given this winter, Wednesday evening, November 29 at the Modern Woodman Hall.

URBAN—SMITH

On Sunday afternoon Rev. Harry J. Holcombe read the marriage service for the wedding of Mr. Edwin Mae Kee Urban and Miss Bernice B. Smith. The ceremony was solemnized at three o'clock in the parsonage of the West Main Street M. E. church.

IDEAS THAT HELP.

The silver mesh bags, fan chains, Jorgnettes and watch chains may be cleaned by first soaking them in a little alcohol and then rubbing with dry chamois.

Never allow silver to stand over night without washing, after being used. Wash in soapsuds and rub dry before putting away.

Here is a dainty little dessert that will delight the small people and the older ones will not refuse it:

Grape Tarts.—Remove the pulp from well-washed grapes and put the skins in another dish. Cook the pulp until the seeds can be easily removed by straining through a colander. The skins need longer cooking to make them tender. Put all together and cook with a little sugar to sweeten. Fill tart shells with the mixture and serve cold with whipped cream.

Many like those filled with the uncooked grapes, removing the seeds.

When drawing threads for hem-stitching rub the goods where the threads are to be drawn with a piece of soap. The thread will slip out much easier.

A dainty and delicious salad: Have muskmelons and fill with the fruit cut in small cubes, garnish with green grapes or cherries and serve with French dressing.

Cheese Eggs.—Grate a quarter of a pound of cheese into a saucepan, set it on the stove, season with a little chopped parsley, butter, pepper and salt, then add half dozen eggs slightly beaten. Stir constantly until creamy and serve at once.

Broiled Chopped Steak.—Take a piece of the upper part of the round, put it through the meat chopper, season with salt, pepper, onion juice, and put it on a dinner plate; flatten out until about an inch thick, then turn onto a greased broiler and cook over coals or under the gas flame. Steak cooked in this way is entirely beyond the fried article in flavor and digestibility.

White Mountain Soup.—To a tea-spoonful of cooked rice add three tea-spoonfuls of grated cheese and a cupful of vegetable stock (liquor remaining from cooked peas or cabbage). Add a pint and a half of milk, salt and pepper to taste. When hot pour over the white of an egg that has been beaten until stiff. This egg may be used as a garnish on the top of the soup if desired.

SUSPECT HELD IN ROBBERY AT MT. VERNON

MATTER TAKEN UNDER ADVISEMENT AND DECISION WILL BE ANNOUNCED IN DAY OR TWO—COURT HOUSE NEWS.

In the case of the State of Ohio vs. Edgar Owens, charged with murder in connection with the lynching of Carl Etherington, after arguments by counsel to Judge Wickham on Monday morning, the court permitted the former plea of not guilty to be withdrawn for the purpose of permitting defendant to file a demurrer to the indictment and a plea in abatement. These pleas were overruled. The court ordered that the journal show that the defendant was re-arraigned, and that he entered a plea of not guilty.

A motion for a change of venue was submitted to the court, and he will decide the matter in a day or two. About 300 affidavits have been filed by the defendant for the change of venue, and 73 by the state against the change.

Johnstown Building Association Co. vs. Andrew Verb, a suit to enforce a vendor's lien. Sale confirmed; deed and distribution ordered.

Suit to Enjoin.

Albert A. Stasel has commenced suit in the Common Pleas court against the Lighting Light & Power Co., to restrain it from maintaining several large poles in the alley north of West Main street, running east and west, near his property at the east side of Fourth street A. A. Stasel, attorney.

Asks \$5000 Damages.

Levi Mitchell has commenced suit in Common Pleas court against the Ohio Electric Railway company for \$5000 damages. He says that while crossing the intersection of West Main street and Fourth streets on December 24, 1910, in Newark, he was struck by a car, thrown to the ground with great force and seriously and permanently injured. Jones & Jones, attorneys for the plaintiff.

Coughs and Sore Throat

Rub on Beg's Mustardine. It will not blister. Quickly cures headache, toothache, pleurisy, bronchitis, lame back, stiff joints, bursitis, callousness, neuralgia, or money back. Be sure it's Beg's 25 cents at T. J. Evans' drug store.

Install Clothes Cleaners.

Pullman passengers entering and emerging from cars on some of the roads will hereafter miss the inevitable whisk broom and the ebony-black porter wielding it just before the terminus is reached. In its place the Pullman company has installed the vacuum cleaner, which is operated by hand and eliminates the dust problem.

NEWARK MAN WAS ACQUAINTED WITH H. CLAY BEATTIE

Mrs. A. E. Thorpe and son, W. F. Thorpe, who have been in the moving picture business for the past six years, one year in Bucyrus, one year in Washington C. H., and the past four years in Richmond, Va., arrived here the latter part of last week, coming direct from Richmond, with the purpose of opening a show in one of the cities in Central Ohio if a good opening presents itself.

Mrs. Thorpe has gone to Chicago Junction, O., where she is at present visiting the family of A. O. Myers, a well known B. and O. conductor, who formerly resided in Newark.

An Advocate reporter met the son, W. F. Thorpe at the Franklin House, where he is staying, and had quite a pleasant conversation with him. During his talk the reporter asked Mr. Thorpe to tell him something about the life and habits in the home town of Henry Clay Beattie, the young man who was electrocuted in Richmond on Friday of last week for the killing of his young wife.

"I don't know what I can tell you that will be new," said Mr. Thorpe. "Were you acquainted with Henry Clay Beattie?" asked the reporter.

"Yes, I had known him for about two years, although I was not intimately acquainted with him. He was a son of Henry Clay Beattie Sr., who is the proprietor of a department store in Manchester."

"What was your opinion of Young Beattie as a man?"

"I had a very good opinion of him and from the time I first became acquainted with him thought him a most excellent young man. This was the opinion of everyone who knew him."

"What was his business," asked the reporter.

"He was associated with his father in conducting the department store. He was always polite and accommodating and had a manner about him that made friends with all with whom he came in contact."

"What do you know about his domestic life?"

"I know but very little. Some time after I became acquainted with him he married, but know nothing about his married life."

"What was the general sentiment of the people regarding the charge that he had killed his wife?"

"When he was arrested on the charge of killing his wife, things developed that caused public sentiment to be against him, but many thought that he should have been given a chance as his conviction was brought about by purely circumstantial evidence. However, the fact that at the last moment he confessed to having killed his wife, verified the first impressions that had been formed against him."

If politeness costs nothing, why is it that so few men give any of it to their wives?

BURGLARS MADE GOOD HAUL TODAY IN KNOX COUNTY

THE LOCAL DEPARTMENT KEEPS WATCH ON SUSPICIOUS CHARACTERS FOUND IN NEWARK.

Police Raid Gambling Room But Found Nothing But Dense Cloud of Smoke.

Peter Wilson, who gives his residence as Pittsburgh, Pa., was arrested Sunday night on a charge of beggary on the street and when lodged at the city prison, he was slated for investigation in addition to the charge of beggary.

Newark officers have been keeping a close watch for suspicious characters since the triple burglary at Mt. Vernon last Friday night. Several suspicious characters were under surveillance Saturday and Sunday, but Wilson was the only one arrested.

The local department has been handicapped in not having a good description of the men. In fact, the Mt. Vernon department has not notified the local police regarding the matter. A Newark man who was in Mt. Vernon last week described a party of suspicious characters who were seen in the Knox County seat and told Chief of Police Hindel that he thought he saw three of them in West Newark Sunday. When the officers arrived there the men had disappeared.

Wilson was picked up later in the evening and will be held on the charge of beggary until a deeper inquiry can be made into his movements in the past few days.

Raid on Poker Joint.

Sunday evening at 6 o'clock, Chief of Police Hindel and Captain Charles Swank headed a squad of patrolmen in a raid on a poker joint in South Park Place. When the officers arrived there was no one but an attendant in charge, evidently waiting for the bosses to return.

The room showed evidences of having recently been used, for it reeked with tobacco and cigarette smoke and numerous empty beer bottles were scattered about. It had been tipped off to the police that there had been an all night game Saturday and also all day Sunday.

Major Ankel has issued strict orders that gambling in the city must cease and he is going to see that the orders are enforced.

Found Slot Machine.

Sunday a slot machine was found in full operation in an uptown barber shop. The proprietor had been ordered to turn it back to the wall, but neglected to do so. A patrolman stepped in and was about to carry it away, but the proprietor pleaded that it was a trade machine and only used for cigars. He was told to put it away and keep it out of sight or the ax would be used on it.

Children Went Hungry.

Only a small slate faced Major Ankel in police court Monday morning. Several minor cases of drunk and fighting were disposed of. One man was fined for being drunk, but the sentence was suspended to allow the man to return to work. His wife was present in court and told the mayor that there were no groceries in the house and that the children had nothing for breakfast but bread and coffee. On his promise to refrain from drinking he was allowed to go and the amount of his fine and costs were turned over to his wife to provide for the children.

Threw a Chair.

Edward Dodson was arrested Monday morning by Officer Burke on a charge of malicious destruction of property, the allegation being that he threw a chair through a window of the home of his father, James Dodson. He will be given a hearing Tuesday morning.

Assault Charge.

Patrolman Harter brought Jane McArthur to the police station Sunday night, where she made a complaint against four young men, two of whom she did not know, charging them with assault. The party was found by Officer Harter in the commons north of "Oklahoma." Upon the approach of the

candidate, while Major Alexander is a Republican. At the recent primaries Harriman's vote exceeded that of any other candidate, but he did not get a majority over all candidates. This made him and Alexander, who got the next highest number of votes, the candidates at the general election. Harriman is 50 years old. In 1898 he was the Socialist Labor candidate for governor of California and in 1900 was the Social Democratic nominee for vice president.

Daddy's Bedtime Story—

The Rich Cat
And
The Poor Cat

"Mercy," said Tom.
What a sight you are!"

ANIMALS are sometimes kinder than the human beings who are supposed to care for them," said daddy.

Jack and Evelyn had nestled down for their bedtime story and were listening with wide open eyes.

"I must tell you how the Browns' cat Tom befriended an unfortunate cat who came his way. Tom was the pet of the household. The Browns had two canaries, but these were only allowed to fly about for an hour every day when the windows were closed. Their dog, Buster, was tied up most of the time, but Tom could roam all over the house whenever and wherever he pleased, jumping upon silken cushions or on nice soft beds to take a nap.

"Tom was very neat. When his paws were soiled he would jump up to the faucet and meow until some one ran a little water into a basin for him. Then he would sit down and very daintily dip first one paw, then the other, into the water and then wash them off. After that he would polish off his face and give his whole body a scrubbing.

"After a meal in the middle of the day Tom always washed himself and then went on top of the shed, where he could sleep in the sun.

"One day as he thus sunned himself a poor starved looking cat came along the fence. 'Please, Mr. Puss,' said the cat, 'can you tell me where I can get a drink? I'm very thirsty.'

"'Mercy,' exclaimed Tom, 'what a sight you are!'

"The poor cat sank down. 'I know I must look dirty and ill kept now, but if you had been vainly searching for home day after day you would feel just as I do and maybe look worse. I once had a fine home, but my folks moved away and left me with the new people. I have been a wanderer ever since and too tired and hungry to clean my fur.'

"Tom's heart was touched. 'Well, go down there. On the porch you will find some milk that I left. I never drink cold milk.'

"Little Vera came running out as the cat was drinking the milk. 'What a poor dirty looking cat you are!' she said. 'Oh, go ahead and drink the milk! Tom does not want it.' Her voice was so kind and the milk was so good that the little stray came back and finished his meal. Then he crawled back to the shed. Tom had gone to sleep, and the stray sat and cleaned his soiled coat. Then he took a nap. At supper time Tom called him to share his meal.

Then, when the children saw how hungry he was they gave the stranger a little dish for himself and a box on the porch to sleep in. Soon he grew sleek and fat. In return for their kindness pussy began to make war on the rats and mice in the barn and cellar. Tom had never been much of a mouser. Soon the little stranger by his nice manners and hard work made himself popular."

M. P. Ashbrook of Granville, attended the quarterly Gideon Cabinet meeting at Chicago on Saturday. He says that Los Angeles, not to be outdone by San Francisco, is arranging for a demonstration to be held sometime in February when 30,000 Bibles will be placed in the hotels of that city. It will be remembered that 12,000 Bibles were placed in the hotels of San Francisco last summer.

Thanksgiving at Pen.

The prisoners at the Ohio penitentiary are to be treated to a genuine banquet on Thanksgiving Day. Just one ton of turkeys has been ordered by the subsistence department for Thanksgiving dinner, at noon Thursday. The dinner will be a regular banquet, and will consist of turkey, cranberries, sweet potatoes, mince pie and all the rest of the "fixins." Preceding the dinner, a moving picture show will be given for the prisoners in the prison chapel.

Home From Camp.

William, Henry and "Jonas" Sigel, Harry, Joe and Will Duncan, Charles Shirk and Jasper Wilson returned Sunday from Flint Ridge where they have been in camp for the past week, hunting in that vicinity. The boys had fair shooting for the first few days but game was very scarce towards the latter part of the

The Most Stupendous Clearance Sale of Ladies Cloaks, Suits and Furs of the Season

Saturday, the first day of this record breaking sale, brought out thousands in response to our ad of Friday night. Some came with a skeptical mind hardly believing that the values we were offering could be true, but it was only a matter of a few moments before they were thoroughly convinced. Heretofore it has been the custom to wait until January to hold a Clearance Sale of Ready-to-Wear Garments, but we have gone out of the ordinary this season, due to two logical reasons. First, many shipments of Cloaks and Suits that should have been here early in the season have just arrived. Second, stocks are too heavy for this time of the season and must be reduced in order to make room for holiday goods. It is the biggest opportunity you have had for a long time to buy such magnificent garments at the ridiculously low prices now in effect. Every garment is marked in plain figures so you can readily tell the saving you make on each purchase. For instance, if you see a coat marked fifteen dollars, you buy it now for ten dollars and so on throughout the entire showing. Be here tomorrow, look through the line, you will be convinced solely on their merit and price. Alterations as usual made free of charge.

\$15 COATS, \$10.

This assortment includes a vast number of styles in beautiful mixtures and blue cheviots. Browns, grays, and tans are the prevailing shades, tailored from diagonals, unfinished worsteds, tweeds, etc. A few styles made in the polo effect, others with shawl collars of self-same material or plaid. These coats sold all season at \$15 and \$17.50. Clearance Sale price at each \$10.

\$10 COATS, \$7.50.

Styles that were cheap at \$10, in blue, gray, tan and brown. Made of heavy polo cloth and diagonal mixtures. Some styles have the large blanket collar and deep cuffs, others the rolling collar with deep revers, a touch of plaid showing. We don't like to brag; but the equal of these coats have never been sold elsewhere at \$10. All sizes. Clearance Sale price at each \$7.50.

\$19 COATS, \$13.50.

This lot includes handsome mixtures in gray, tan and brown, tailored from beautiful zibelines, polo cloth, diagonals and fancy mixtures. The styles are limited in this lot as so many at this exceedingly low price were sold Saturday. If you can secure your size in this assortment it will be a wonderful value for you. Clearance Sale price at each \$13.50.

\$25 COATS, \$17.50.

Think of the big saving you make at this price. Every coat in the store marked at \$25 goes at the above price, including beautiful mixtures, two tone effects and novelty polos. Handsome styles tailored from soft, rich, reversible cloth, gray on outer side with a rich blue or purple on inner with collar and cuffs of same hue, also pretty tans and browns. Clearance Sale price at each \$17.50.

\$22.50 PLUSH COATS, \$15.

This might be hard for you to believe but it's absolutely true. Tailored from a fine quality of Sealette plush lined with guaranteed satin the following shades, old rose, tan, brown, royal blue, white and black, made with large collar and deep revers, buttons with two large frogs. Sizes from 18 to 44. A wonderful value during our Clearance Sale at each \$15.

PONY FUR COATS, \$17.50.

Don't confuse this with a caracal coat, as these are tailored from the best of Salfex Fur every garment having the guarantee tag attached. Some are lined with Skinners' yarn dyed black satin, others with the quilted lining in tan or old rose. Made with a deep collar and deep revers. A complete range of misses and ladies sizes at present \$22.50 values. Clearance Sale price at each \$17.50.

ALL FURS AT 10% DISCOUNT.

The 10% discount that we have been giving off on all furs has been a big boon to buyers of "Quality Furs." One moment's reflection will show you the wisdom and policy of at least looking here before purchasing. We are showing at present one of the largest lines of popular priced furs in the city, including Mink, Lynx, Blue Wolf, Natural Wolf, Fox, Opossum, Natural Raccoon, Squirrel, Black and Sable Cooney. These were all marked at exceedingly low prices in the beginning. A small deposit will hold any fur until Xmas.

REMINISCENCES OF MARSHAL BROOKE

I was pleased Friday by reading Col. Kibler's tribute to M. D. Brooke.

Col. Kibler's association with him began in 1857, the colonel becoming the mayor and Mr. Brooke being the marshal of the town. My association with him began in 1854, at a time he arrested me and in custody took me before Judge Humphrey for fighting in the market place. Ever since that event to the time of his death, I was on intimate terms with Mr. Brooke.

During the many years that he was marshal, 25 years or more, I saw him, single-handed, stop many robbers and make many arrests.

I remember two times in particular. One was known as the great Irish row, in which a large number of Irishmen, under the leadership of "Dick Welsh," gathered in and about a large building in the South End, and defied arrest. Mr. Brooke went after the mob, not waiting for speech-making, or militia, or for extras to be sworn in, but by the assistance of two volunteers, a blacksmith and a negro, quelled the mob, and before morning put 50 prisoners in jail. The negro was badly injured by being struck with a flat iron, and the blacksmith received wounds and hurts from which he did not recover.

One day in 1854, at the time of the state fair, I saw Mr. Brooke arrest a notorious and dangerous crook by the name of Sheppard. Brooke got information that Sheppard would be on the fair grounds, and with the wonderful knowledge of men and character which he possessed, he picked the right fellow out of the thousands on the grounds. The fellow had his eye on Brooke, and when he saw that the officer intended to get him, he hurried to a place where he had a saddle horse waiting, and jumping on, he made away. But Brooke was also prepared with a saddle horse (it was his practice to keep one near at hand), and jumping on his horse, the race commenced. Mr. Brooke was a heavy man, but he was a good rider, and he had game, well-bred horse, "Old Dave." After a race of a half or three-quarters of a mile, the crook abandoned his horse, Brooke being about to overtake him, and took to the open country through a field. Brooke did likewise, and after a foot race he got his man. This incident gave Mr.

Brooke great credit, for Sheppard was known as a crafty, alert and dangerous man.

There are only a few persons in Newark who remember the strange and also sad scenes of 1854. The Ohio state fair was held in the Old Fort that year, and the "cholera" was here.

George Warner, "Shaky" Spear (Dr.) "Sock" Zipperer, Dr. Charles King, and other bad boys like myself, have cause to ever remember Marshal Brooke. B. G. SMYTHE.

USE SAGE AND SULPHUR AND HAVE HEALTHY HAIR

What a pity it is to observe so many people with thin and faded hair and then realize that the most of these people might have a fine, healthy head of hair if they would but use the simple "sage tea" of our grandmothers, combined with other ingredients for restoring and preserving the hair. No one, young or old, need have gray hair, weak, thin, or falling hair, dandruff or any trouble, of the sort if they would but use Wyeth's Sage and Sulphur Hair Remedy. On the contrary, it is possible to have healthy, vigorous hair, of perfect color, by a few applications of this remarkable preparation.

Wyeth's Sage and Sulphur Hair Remedy quickly removes dandruff leaves the scalp clean and healthy, promotes the growth of the hair, and restores the natural color of the hair which has become faded or gray. It is a clean, wholesome dressing, which may be used at any time and with perfect safety. Don't neglect your hair. Start today with Wyeth's Sage and Sulphur.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

BADLY INJURED IN FALL FROM CAR SATURDAY EVENING

Mr. Simon C. Wilson is suffering great pain today resulting from injuries received from a fall from a street car Saturday evening. Mr. Wilson is sixty-five years old.

He was returning from the city Saturday night and left the car at Fulton Avenue. The car was crowded and the conductor thought he had alighted in safety and signaled the motorman to go ahead. Mr. Wilson was thrown to the ground and rendered unconscious. The conductor was informed of the accident, stopped the car and assisted the injured man to the home of his daughter, Mrs. John Bush in West Main street.

An examination showed that his collarbone was broken and splintered. He passed a bad night Sunday and his condition was not so satisfactory Monday.

Merchants Prepare For the Holidays

Christmas will soon be here, and there are many good reasons why Holiday shopping should not be put off until the last few days of the buying season. Newark merchants were never better prepared than they are now and will be this year to meet the demand. There will be a big assortment to select from; many articles may advance in price as the supply diminishes, and then again, when the buying is accomplished, a wonderful burden is lifted from the shoulders of the prospective giver of Christmas presents. Better do your Christmas shopping early.

NIAGARA POWER HOUSE OPEN FOR HONEYMOONERS

Niagara Falls, Nov. 27.—The million honeymooners and tourists who visit here next season will find a spectacle second in interest only to the world-famed cataract itself. One of the big American power companies, which is transforming water power into electricity in this city

has decided to throw its power house open to the public, free of charge.

The suggestion originated with the joint commission appointed by the people of Niagara Falls to assure the country that the scenic grandeur of the Falls had not been impaired and will not be impaired by the conversion of part of the excess water into electricity. The quantity that can be used is limited by international treaty and by law to such a small fraction of the total flow that the difference in volume, at the crest of the falls, is not visible to the eye or to the camera. The Canadian and New York State governments have co-operated with the power companies in beautifying the grounds near the Falls and in designing buildings that look more like public libraries or museums than power houses.

Already the power company has begun to make provisions for the guests by building visitors' gallery from which sightseers will be able to see, without being exposed to dangers from wires and whirling machinery, the wonders of harnessing a cataract.

Guides will be on hand to explain the working of whirling turbines and generators—how the force created by falling water is transformed into electric power that is sent 160 miles into New York state, Canada and Ohio, through thin wires, to turn the wheels of factories, to run trolley cars, and to light homes and offices and miles of city streets.

We Milk 30,000 Cows Per Day

Dear Madam—

Think what that means—30,000 cows for folks who want Van Camp's Milk. This city is filled with its users.

We have dairies in seven states—each in the heart of a great dairying section. They are stocked with Holstein cows. There is no finer milk in all the world than comes from these model dairies.

And it is germless milk—utterly sterile. Children can drink it without thought of infection.

Waterless Milk

Close to each dairy the milk, fresh from the cows, is put into a copper vacuum. There we evaporate two-thirds of the water. And, because of the vacuum, this is done without scalding.

That is all we do before the milk is sealed. Nothing whatever is added. The milk is pasteurized after the can is sealed.

Put back the water and the milk is the same as it came from the cow, save for the sterilization by heat.

Thick as Cream

The milk comes to you 28 per cent solids, 8 per cent butter fat. It is so thick and rich that folks always dilute it, even for cereals and coffee.

In cooking, it gives to milk dishes twice the richness and flavor of the average milkman's milk. That's because milkman's milk separates. When it gets to the cooking it is rarely more than a half-milk. And Van Camp's is the whole-milk. You'll be amazed at the difference.

No Waste—No Waiting

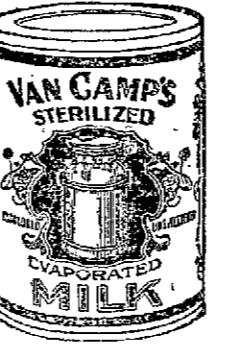

You can buy, if you wish, a month's supply at a time. Then you have milk and cream of the highest grade ready all the time. And none is

left over—none goes to waste. An opened can will keep till you use it up.

Yet, with all these advantages, Van Camp's Milk costs less than the milkman's. We save you the cost of the daily delivery. And we save you all the waste. In the average home the use of Van Camp's cuts milk bills right in two.

It is nothing but habit—the milk wagon habit—which keeps anyone from using this milk. If you once learn its economy, its convenience, richness and purity you will never use other milk.

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. That's with two-thirds the water evaporated. Your grocer gets it direct from our nearest dairy.

LOCAL OPTION LEAGUE MEETS

A meeting of the central committee of the Licking County Local Option League was held at the Central Church of Christ, on Saturday. The purpose of the meeting was to perfect the organization of the league, in preparation for the local option election, if one should be called. About 250 were present.

The meeting was called to order by Attorney J. H. Miller. After a few remarks from the chairman, expressions of opinion were asked from the committee. The universal sentiment was that if an election was called, a strenuous effort be made to keep the county "dry," and that the prospects were good.

The following executive committee was selected by a nominating committee, and unanimously elected: J. H. Miller, Thos. H. Warner, A. Wyeth, Bunyan Spencer, E. S. Randolph, Wesley Montgomery, D. A. Eriker, A. S. Mitchell, B. F. McDonald, John Neal, Eli Hull and J. F. Hartshorn.

By unanimous vote, the executive committee was instructed to publish the names of all signers of the petition for another local option election. This action was taken to provide against the fraudulent use of names.

Addresses were given by W. H. Miller of Portsmouth and by Wayne B. Wheeler of Columbus. These addresses aroused the meeting to a high pitch of enthusiasm.

After the adjournment of the general committee, the executive committee convened and organized by the election of the following officers:

Chairman—J. H. Miller.
Vice Chairman—Arthur Wyeth.
Secretary—Thos. H. Warner.
Treasurer—Wesley Montgomery.

FREE LECTURE AT TAYLOR HALL

A free lecture will be given at Taylor Hall tomorrow afternoon promptly at 3 o'clock on "The Mind of the Child," given by the After School Club of America, located at Columbus, Ohio. This lecture will be a heart to heart talk with fathers, mothers and all persons interested in the welfare of childhood and youth.

The address of the afternoon will be given by Mr. Robert Bryan Harrison, president of the Columbus Psychological Society. Mr. Harrison is deeply interested in all of these movements in the interest of right living and clean thinking, beginning with the child. His many years spent in newspaper work, both as an editor and later as manager of the Southern Press Clipping Bureau, has given a breadth and maturity to his thought a sympathetic insight to human conditions and a facility of their expression not possible otherwise.

This is the age of the marvelous, not alone in things material, but more and more of the higher order; and there is no stronger proof of this than the child welfare movements of our day. This Lecture is given under the auspices of the After School Club of America, and is entirely free, so come out and enjoy a good heart to heart talk on "The Mind of the Child."

"AFTER HOURS" AND GAMBLING THINGS OF PAST

Toledo Safety Director Takes Stringent Methods to Put Stop on Open Town.

Toledo, O., Nov. 27.—Several nights ago Safety Director Mooney ordered a raid on a number of downtown places where gambling has been carried on. A great deal of expensive paraphernalia was confiscated and uniformed policemen were stationed in front of the places where raids had been made.

Saturday night acting under orders from Director Mooney patrolmen armed with sledges and axes smashed to pieces; big green cloth covered tables and all other gaming implements. The destruction of the property was superintended by Detective Richard McKay and took place in the office of Chief of Police Perry D. Knapp. Some of the tables were made of expensive wood and were beautifully inlaid and richly finished.

Detectives Delahanty and McKay made a tour in an automobile and gathered in a load of slot machines. These were also taken to headquarters and destroyed. A number of street-walkers were also picked up and placed under arrest.

Late Saturday evening the uniformed officers were removed from the places which had been put under police ban. The understanding between the proprietors and Safety Director Mooney is that no gambling will be carried on, there shall be no violation of the midnight closing law, and questionable characters shall not be permitted to congregate.

All saloonkeepers received orders that the gambling and closing laws must be complied with.

"Several saloonkeepers showed a fighting attitude Friday and said that they would try to secure an injunction against the stationing of policemen at their doors," said Safety Director Mooney Saturday.

"As long as they maintained that attitude the officers were not going to be moved but they agreed to conduct business along proper lines and for that reason the officers were taken away Saturday."

CHOPPED HEADS OFF

Continued from Page 1.) sorry such a horrid condition had crept into his life.

He said: "I went home last night earlier than I had expected to return. I had no suspicion of my wife's unfaithfulness, but just for fun I peeked in at her bedroom window. I was driven to desperation by the sight that met my eyes. There, with the confidence that I myself might rightfully exercise, was my favorite cousin, wearing my night robe. My wife, her two babies near her, was treating him with the affection that was alone my due.

"I became at once insane. I ran to the woodshed in the rear and seized a lumberman's handax. I returned to the chamber window with only one thought; that of avenging myself. I carefully raised the window so as not to be heard. I crawled in unseen and crept to the bed.

My arm was strengthened by the sight. I chopped off my cousin's head at the first blow of the ax. He did not move, but the sound of the blow aroused my wife.

"She started up and fought savagely. She begged forgiveness, throwing herself on her knees. That was the end of her. Her defense had prevented the fatal blow, but her praying posture allowed the ax to swing freely.

"I was mad—but I had sense enough left to avoid striking the baby, which my wife had seized as she sought to defend herself."

Marchesi went on to tell how he had struck at his wife repeatedly, almost severing her head, but always taking care not to harm the children. He said that he struck at the headless body of his cousin after he was satisfied his wife was dead.

He told in detail how he took the baby, Michael, from the lifeless form of its mother, washed the marks of the affray from its face, changed the clothing and hurried with it to the home of his brother. He then returned to dress his older children whom he had left alone in the death chamber.

After taking the girl to his brother's he felt secure for a time, he said, as the older child had not awakened during the decapitations and could not tell of the crimes.

Marchesi had lived in Kenosha for ten years and had acquired considerable wealth. He was one of the leaders among Italians in the west side quarter in which he lived.

Signing With a Cross.

Persons who cannot write their names are required to use as a substitute the sign of the cross (X).

An elderly king and nobles used the same sign, but not ignorantly. It was used by those who could not write as well as by those who could not symbolize that the person making it pledged himself by his Christian faith to the truth of the matter to which he affixed the cross. Hence, although people now write or subscribe their names, they are still said to sign.

THANKSGIVING VACATION FOR THE SCHOOLS

Granville Board of Education Allows Two Days—News of the Historic Old Village.

Granville, Nov. 27.—As is the usual custom in Granville the public schools will adjourn over Thanksgiving and have a vacation from Wednesday evening until Monday morning. This was decided at the last regular meeting of the board of education.

Mrs. F. D. Allerton, who has been visiting relatives in Tama, Iowa, for the past several weeks, arrived here Friday for a short visit, before going to the home of her daughter, Mrs. James Thomas, in Allegheny City, Pa.

Mr. Frank Downer of Denver, Colo., who has been in the east for some time, arrived in Granville the latter part of the week and spent a short time with his parents, Mr. and Mrs. E. M. Downer, at their home on Broadway.

The teachers salaries will, it is said, be paid before the holidays in order that they may have an opportunity to spend part of it during the vacation.

Frank King and Carl Geist, who have been in Colorado during the past several months, have returned to Granville. Mr. King's health is very much improved.

Rev. A. Ramsey, rector of the St. Luke's Episcopal church of this place, delivered the eulogy at the memorial services of the Cambridge Elks, Sunday afternoon, Nov. 26.

Mr. and Mrs. Lawrence Cool, and little daughter Jeanette, who have been visiting relatives and friends in and around Granville for some days, returned home Saturday.

Henry Anderson of Benetton, Ill., who has been spending a few days at his old home, a short distance southwest of the village, with his brother, W. B. Anderson, and family, is having a most enjoyable time. He spends most of his time tramping over the old familiar hunting grounds in search of quail and rabbits.

Captain E. H. Finke has shipped his household goods to Ashland, where he will make his future home.

The Columbus Gas and Fuel company has hauled material for a rig to the farm of Samuel Hand, in McLean township, and will soon commence drilling for a well.

The Board of Public Affairs has purchased a new pump for the water works. It is much stronger than the old one and the capacity is much greater.

The drillers who have been drilling a well on the John Wallace place east of the village, struck the deep water last week, and will not be drilled in for a day or two.

Mr. Irenus Jones and family have moved to their farm on the Lancaster road. They have hunted their town property to Harry Darsham.

Mrs. Hiram Partridge, who has been quite ill for some time is reported as rapidly recovering.

THE REASONABLE WAY

Strong, vigorous men, women and children hardly ever catch cold—it's only when your system is run down and vitality low that colds and coughs can get a foothold.

Now isn't it reasonable that the right way to cure a cold is to build up your strength again?

Mr. Patrick Wren of North Birmingham, Ala., knows about this. He says "I caught a bad cold a year ago and had a bad cough for long time but Vinol relieved it completely and built up my health. Vinol is the best medicine I ever used or heard of for coughs and colds."

This splendid cod liver and iron remedy does not smell or taste like cod liver oil, but is so delicious that children love to take it. Yet it has the strengthening value of cod liver oil, with tonic, blood building iron.

Chronic bronchitis yields to Vinol because it builds up the system in all weakened and rundown conditions. You can get your money back any time if Vinol does not do all we say.—F. D. Hall, druggist, Newark, Ohio.

DRIVES A COLD OR THE GRIPPE FROM SYSTEM

Recently the members of the M. E. church of Jacksonstown repaired their church Sunday, November 26 it was re-opened with appropriate services during the day and evening.

The decorating was done by E. C. Marrick and G. F. Richardson with the famous Alfred Peats' papers. The ceiling of the auditorium and alcove was done in tau pulp units with suitable bindings. The walls are in the genuine new holly metal with a fine crown and base border effect, the vestibule is done in suitable paper and colors to harmonize with the auditorium and alcove. The decorators are to be complimented for their skilled workmanship. New seats, gas stoves, gas lights, paintings, etc., add much to the appearance of the church.

**FREE DINNER BY
SALVATION ARMY**

As has been the custom for some years past the Salvation Army is arranging to provide a free Xmas dinner to the worthy poor of Newark.

Captain Martin and his helpers are already busy locating and investigating cases to receive the baskets that will be sent out. Each basket will contain a good, substantial meal for an average of five persons. Each applicant's case is personally investigated and a memorandum of existing conditions retained. The captain anticipates giving 100 children needful clothing and shoes. Persons knowing of families who need will phone or address the Army they will be looked after. Donations of cash provisions for baskets clothing in good condition or new for children are being solicited. The familiar "kettle on the corner" is being used.

FIENDISH PAIN OF PILSES.

Done Away With By a Pleasant Internal Medicine.

All the worst tortures of human life, rolled into one, can hardly compare with the fiendish pain of piles. The victim eagerly buys anything that will bring a moment's ease, but the trouble usually comes back. Get HEM-ROID—a scientific inward pile cure, that frees the stagnant blood and dries up the piles.

STATISTICS OF BLIND RELIEF COMMISSION

Under the statute of Ohio a certain amount is apportioned from the funds of each county to provide a pension for the needy blind people. The law specifies that the meaning of the expression "needy blind" applies to those people who would otherwise become a charge upon the public or upon those not bound by law to care for them.

The issuing of these pensions is in the hands of a commission of three members appointed by the Probate Judge and designated "The Blind Relief Commission." One member is appointed each year and his term of office is three years. The members of this commission meet at stated intervals and pass upon the claims of those who appear before them.

This commission was created under the late Judge E. M. P. Bristor in 1908, and since its first appointment has passed upon and granted 75 pensions, 39 males and 36 females. Of these pensions a few have died but there are others in the county who have not received a pension but have made application for the same. The ages of those receiving pensions ranged from 16 to 99, and there are several now on the list who are over 90 years of age. From 16 to 30 there are 8; from 31 to 40 there are 5; from 41 to 50 there are 21; from 51 to 60 there are 13; from 61 to 70 there are 12; from 71 to 80 there are 14 and from 81 to 100 there are 4.

The amounts of these pensions vary from \$4 a month to \$10 a month, the latter now being the highest paid. The levy for this pension is 2-10 of a mill on the tax duplicate, but under the new budget only 1-10 of a mill was allowed, hence there has been made necessary a reducing of the pensions already granted to meet the new conditions.

Last year the levy was overdrawn \$2,614.54, and while the new levy will bring in a somewhat increased amount, at the same time it is not sufficient to warrant granting any large pensions to anyone. Still, realizing that there are needy blind persons who are entitled to support, the commission met a short time ago and reduced the pensions that had been granted and are in force in order that others might have their share.

There was paid over last year in pensions the sum of \$9,127, while the amount levied for the coming year is only \$8,500. Thus it will be seen that the commission is greatly handicapped in its work, for it will have to be very careful in granting any future pensions, and it will only consider those which are absolutely necessary.

**Immense Grave
Containing Skeletons**

Of Prehistoric Race of Giants Unearthed Near Pine Grove Kentucky—Measured 12 Feet.

Pine Grove, Ky., Nov. 27.—Evidences of a prehistoric race have been uncovered by Hugh Yates, a prosperous land owner of this county, on his farm, a few miles west of here. While excavating beneath a high cliff on his place Mr. Yates came upon an immense grave containing a human skeleton. The frame was of giant proportions.

His curiosity aroused, Mr. Yates called in some neighbors, and, armed with picks, they hurried their way into the side of the cliff and found an ancient sepulcher crowded with human skeletons, some of them larger than the first one. One of the frames measured 12 feet.

Along with the skeletons were found curiously wrought jewels and strange ornaments, while cooking vessels and musical instruments of queer design were unearthed in great profusion. The diggers are still at work and expect to make even more important finds.

The Great Xmas Room-Making Sale

Which Started Saturday Promises To Be the Most Successful in the Entire History of the Store

Early in the morning the crowds began to pour in—the scene inside was bright and cheerful, in harmony with the light and sunshine of the day outside. We thought the things were good—we believed that the styles were unusual—we knew the prices were small. But we are proud to have the seal of your approval—to see the pleasure you took in looking through the piles of merchandise spread over the tables and counters, and to hear the many exclamations of surprise and delight.

AS YOU READ, WE ARE GETTING READY FOR THE THIRD DAY OF THIS EXTRAORDINARY SALE. Fresh supplies are being brought forward to fill the depleted ranks of victorious legions, and you may expect still greater bargains and more unusual values. Special purchases figure largely in this great sale—purchases made by our New York buyers during the great manufacturers' clearance sales of recent date, which were made at a saving of from one-fourth to one-half, and during this sale we share the benefit of these advantageous purchases with our customers.
